III. 1   What did you like about the class?

the computers

Real world examples and we got to try out what we were learning
The teacher was thorough, patient and very knowledgeable!
Easy to follow the instructor through the examples and test cases.
Instructor was concise and moved at an appropriate pace
Throughly covered topics
I liked the number of students. Instructor had a nice demeanor - patient and very helpful.
Mr. Burnett took the time to help us out when needed
The structure of the class where the instructor walked us through the steps on the projector before we then completed the exercises on our own.
The instructor was always at the perfect speed. Not too fast not too slow.
Very specific instruction covering the topics I was most interested in learning and hands on experience in performing newly learned techniques.
The way it was taught, examples of lesson and then practice. The workbook is very helpful. The instructor was very thorough.
I especially liked the way the instructor structured the class (ie., he presented the materials to us first, then gave us time to practice what we just learned by completing assignments from the workbook).
Very good instruction. Liked format of reviewing concept and then doing practice exercises. Great instructor.
The Hands on Practice and the explanations
Hands on exposure and the text. Great instructor.

III. 2   What didn't you like about the class?

the instructions
teacher talks very quickly and trails off sometimes
In the book some of the steps were not included
N/A
Classroom set up - wished computers faced the front rather than to the side of the classroom
I didn't like the seating arrangement.
can't think of any
The class was everything I hoped it would be in terms of establishing how to do basic functions with Excel.

I liked that it was hands on we each had a computer and exercises to do.
Sometimes material was covered very quickly, but it was probably necessary in order to cover everything.
Nothing
I enjoyed everything about the class.
Sign up process through MO College was cumbersome. Additional step of going to bookstore was inconvenient.
All was well.

III. 3   What improvements would you suggest?

class needs a slower pace
Improve the book
N/A
All desk stations should face the front screen.
keep it as is
-
Shorter lunch periods - one hour was too long. 30-45 minutes would be better.
None
I cannot think of any way to improve this class. The instructor was AWESOME and the class materials were straightforward!!
For CE classes it would be more convenient to drop ship book/materials to class location.
None.

III. 4   What other classes would you like to see offered?

more up to date courses
web design and web management
Data Analytics
Excel for Mac/Apple Computers
-
I would have to research that
PowerPoint Intermediate and Advanced.
Should offer more of these classes as this seems to be a popular class. Was full and I know I've had trouble getting into this class and had to wait until offered again months later.
Will attend Levels 2 & 3
