III. 1   What did you like about the class?

Liked that it was very hands on. All topics covered were used in the projects.
Developing my own website
Learning new aspects of mobile Web design.
I learned a lot
I finally designed my own e-portfolio, which is something I've been meaning to do for a long time. It was challenging, but also very exciting.
Being able to break down and write code to understand how the cod(ing) works
I liked this course introduced the popular methods to design layout for websites. I also liked that it helped me understand flexbox better.
well formatted and structured presentation with lots of resources
Develop design a Bootstrap and W3.CSS frameworks
Hands on exercises

III. 2   What didn't you like about the class?

N/A
No dislikes.
I didnt dislike anything about this class.
I did not have any complaints.
none
nothing
N/A

III. 3   What improvements would you suggest?

N/A
More time.
faster computers(ssd's)

N/a
maybe make the class 1 week longer
At first, I was not clear about what exactly bootstrap and W3.css were. It took me some digging before I understood how the implement a system of classes within the css framework.
It was perfect
the network is slow
RDW level 1, Level 2, Level 3

III. 4 What other classes would you like to see offered?

N/A
Can't think of anything.
I would love to learn more about php and other server side languages
More classes related to Front-End web development.
PHP
NO
RDW level 1, Level 2, Level 3

III. 5 What is (are) your reason(s) for taking this class?

Earning the Front End Web Design certificate
Enjoying to take this class for good experiment
Improve my business Web site
to become a reponsive Web Devolper
Practice what I have learned so far. Eventually getting a job.
To understand how to write code for web pages (on the front end)
I am taking this class for professional reasons.
attempting to obtain WEB Front Developer certification
Get a job in front end web developer

Get modern techniques, faster solutions.
